Pasco, Washington 99301

Dear Mr. Dietrich:

The Environmental Protection Agency (EPA) has completed the report of the September 12, 1984, inspection at the Pasco Sanitary Landfill/Resource Recovery Corporation. A copy of the report is enclosed. Photographs have not been included, however, a photo identification sheet is provided for reference.

As you know, EPA is in the process of beginning a follow-up investigation which will include recommendations in the enclosed report. You have already been contacted by Ecology and Environment, our contractor. A draft sampling plan for the follow-up will be shared with you in the near future.

The EPA site manager for this investigation is Lori Cohen. She can be reached at the above address or telephone (206) 442-2712, should you have any questions.

Sincerely,

Deborah Flood
